Enumeration District Number: _____

STEP FOUR >> Browse those district records at 1940census.archives.gov

Census Roll: _____ Sheet Number: _____

Beginning April 2, 2012 when the census is released, volunteers will be indexing the 1940's census by name. If you are unable to find the records you seek by enumeration district, check back with the library in November for an update on the progress of the index. Within a year you may be able to find the pages you are looking for with a search by name.
