The Girl with the lion Touch by Kady Cross

In 1897 London, something not quite human is about to awaken.
When mechanical genius Emily is kidnapped by rogue automatons, Finley Jayne and her fellow misfits fear the worst. What's left of their archenemy,

The Machinist, hungers to be resurrected, and Emily must transplant his consciousness into one of his automatons—or forfeit her friends' lives.

Goddess

by Josephine Angelini

Goddess brings Josephine Angelini's haunting, deeply romantic Starcrossed saga to its breathtaking conclusion.

Helen Hamilton, a Scion—the offspring of a Greek god and a mortal—is fighting her destiny. She refuses to accept that her life will echo that of the tragic Helen of Troy.

The Moon and More by Sarah Dessen

Luke is the perfect boyfriend: handsome, kind, fun. He and Emaline have been together all through high school in Colby, the beach town where they both grew up. But now, in the summer before college, Emaline

wonders if perfect is good enough.
