The Main Library will host the traveling exhibition **“Lincoln: The Constitution and the Civil War”** from April 13th to May 1st. Lincoln is widely acknowledged as one of America’s greatest presidents, but his historical reputation is contested. Was he a calculating politician willing to accommodate slavery, or a principled leader justly celebrated as the Great Emancipator? Abraham Lincoln was confronted with enormous challenges when he was elected president in 1860: the nation was on the brink of Civil War, and Lincoln struggled with issues of secession, slavery and civil liberties—all questions our country’s founding charter left unanswered. President Lincoln used the Constitution to confront these three intertwined crises of war, ultimately reinventing the Constitution and the promise of American life. This exhibition develops a more complete understanding of Abraham Lincoln as president and the Civil War as the nation’s gravest constitutional crisis. Lincoln program scheduled for April 16 at 1pm with Dr. Paul Leslie.
