Staff SPOTLIGHT

Michelle Ferreira

Circulation Clerk

How long have you worked for TPLS?

I have worked for the library for 12 years.

What do you love most about working at the library?

What I enjoy most about working at the library is that I get to meet so many new people. Some of the people I have met over the years have become some of my dearest friends. I also enjoy letting our patrons know about new activities and services that we offer.

What do you enjoy doing when you're not at work?

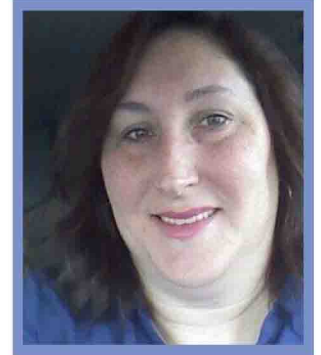

I am very much a homebody, but I do enjoy taking road trips and visiting new places with my children. It has always been important to me for them to learn about and experience new places. South Louisiana is filled with so many wonderful places that are off the beaten path. There is so much history here that there is always something to be learned along the way.

What book are you excited about reading this summer?

I am a non fiction reader. I am currently reading John C. Maxwell's "How Successful People Think" and Brendon Burchard's "The Motivation Manifesto." We all go through things in our lives that make us who we are; however, I strive daily to become a better person through my readings. It is nice when I can refer a friend who is going through something to one of the books that has helped me in the past.

How has the library impacted your life?

I wasn't exposed to the library until my early 20's so when I came to the Main Library for the first time. I fell in love with it. It became a safe place for me. It also allowed me to have access to so much information that I didn't have access to before, so for this I will be forever grateful. I love this quote by Alan Moore: "Knowledge, like air, is vital to life. Like air, no one should be denied it."
